

STATINTL

Meeting of 24 November at [ ]

STATINTL

Attendance

1. The Computer was accepted on 15 November 1961 and I believe it will be for one year.
  - a. Questions who will turn on the Computer and make sure it is checked out and working? Is a separate task required.
  - b. We are paying for half days. [ ] has the remainder, but haven't used their option to date.
  - c. [ ] is responsible by the terms of the Contract.
2. MWK told them - that at present we have no future plans of additional tasks.
3. Commendment #3 extended date of Task #2 till 31 March '62.
4. [ ] will be sending a paper including whether Calibration program shall include stellar method - or just Calibrators, also the reduction of tasks will be reflected in the estimates of mercur. [ ] was informed we have no concern on the due dates of the remaining tasks in #2.
